

U. S. PANAMA TRICK IS A FALSE POLICY

Secretary of War on Stimson County's Attitude Regarding Canal Tolls.

Britain Fears Another Great Railway Tie-Up Over Small Question.

(By Times Special Wire.)

Washington, Dec. 8.—In his annual report to the President, just made public, Henry D. Stimson, Secretary of War, declared that the law granting free passage through the Panama Canal to American vessels engaged in commerce was a false and dangerous policy. Mr. Stimson intimates that this provision was passed directly contrary to the evidence furnished Congress by experts on the subject of traffic and tolls, and recommends that it be revised.

"While, in my opinion," says Mr. Stimson, "the United States has a right to appropriate to American vessels, accounts equivalent to the same paid to the British in the form of canal tolls, this question of national security should not be determined upon a small question of tolls. In an effort to obtain information, Professor Johnson was sent to the War Department, and as a result he reported to me that the United States does not need to enable American vessels to successfully compete with foreign competitors."

The International Waterways Commission, he says, has completed its investigation of the boundary waters between the United States and Canada, with the exception of the Great Lakes, and that the United States is now in a position to "dam at the outlet of Lake Erie," delayed by the terms of one of the Canadian engineers, and it is suggested that the commission be extended to April 1, 1914.

HALTON LANDS

Large Sales Between Appleby and Burlington.

Burlington, Dec. 8.—Large tracts of land are changing hands between Appleby and Burlington on the G. T. R. and the heavy wheat acreage is the purchase of farm lands in this section is causing comment.

One Toronto firm has secured several tracts. Whether they are buying for themselves or are acting for some large speculator is open for conjecture. A large oil company has been securing options and whether these purchases are the outcome of their "oil" policy is not known.

It is said also that a number of Toronto capitalists are back of a large brick manufacturing proposition. The farms sold belonged to J. M. McKinnon, 300 acres; W. Allen, 200 acres; W. McKerr, 140 acres; Mr. Williams, 100 acres; Mr. Leonard, 30 acres. The G. T. R. is purchasing a strip of way through the above farms.

RUSSELL ROSS LIBEL CASE GOES TO THE ASSIZE COURT

No Cross-Examination Allowed in Police Court—Pastor Russell Must Furnish Bond to Appear.

The charge of defamatory libel brought against Rev. John J. Ross, pastor of the James Street Baptist Church, by Pastor Russell, of the Brooklyn Tabernacle, Brooklyn, N. Y., was proceeded with in the Police Court this morning, and the defendant was committed for trial at the January assize. Pastor Russell, the complainant in the case, was asked by the Magistrate to give a bond for \$500 that he would appear at the high court to prosecute the charge. Mr. Ross was allowed to go on his own recognizance.

He was represented this morning by J. G. Farmer, K.C., and A. M. Lewis. There was a little delay in commencing the case, as Mr. Farmer asked to have it adjourned for a week or two to allow George Lynch, who was in the city, to be called. Mr. Farmer stated that the defence had not had time to prepare its case, but he was reminded by the Magistrate that the defence was not to be allowed to do so. Mr. Farmer stated that the defence had not had time to prepare its case, but he was reminded by the Magistrate that the defence was not to be allowed to do so.

Other cases in the police court were of minor nature. Charles Young, Chinese, who keeps a restaurant at 200 James street north, was charged with assaulting Thomas Watson, of Toronto, with a large "dope pipe." The complainant did not appear, and the case was adjourned until Thursday.

Margaret Neville, 238 Mary street, was committed for trial on a charge of stealing a gold watch and a fob from a waitress at the Terminal Hotel. The stolen articles were found in Mrs. Neville's home, and she was arrested by Detective Cameron and Goodman.

The case of John Nichol, who was charged Saturday with theft of a milk can from the property of the Milk and Creamery Co., was continued this morning, but his worship reserved judgment until Thursday morning.

W. G. Parker was fined \$10 for speeding his auto, and James Sweeney paid \$10 for being drunk on Sunday.

The following paid for being drunk on Saturday night: Walter, Larry, Hattie, Robert, James, Kelly, Robert, William, George, Frank, Pat, McShane and William Gibson.

SALE FELL THROUGH

Government Will Rent From Long & Bisby.

The option which the government held on the property of the Long & Bisby warehouse, corner of Main and Hughson streets, expired on the first of the month, and Mr. Long has withdrawn his offer. It was rumored that the Government had closed the deal, but such was not the case. The bank has been asked to sell the warehouse, and the government will rent from Long & Bisby the second and third stories for customs purposes.

TEMPERANCE REFORM CLUB.

President, Rolle, speaking at the Grand Banquet of the Club yesterday afternoon, referred to the fact that Ontario's educational institutions, the University of Toronto, the University of Western Ontario, and the University of Ottawa, are all members of the club. He said that the club was the only one of its kind in the world, and that it was the only one that was not a religious organization.

TWO POLICE CASES.

The police have as yet failed to get arrested the man who was seen on the street on Friday night last, and who was seen on the street on Friday night last, and who was seen on the street on Friday night last.

TEN IN THE FIELD FOR BOARD OF CONTROL

Ex-Ald. Findlay Definitely Announced His Candidature This Morning.

J. Walter Gage Promises To Give Decision Early This Week.

With the announcement of W. M. Findlay this morning and that of Ex-Alderman William Farrar on Saturday, the list of candidates for next year's Board of Control now totals ten. Also, the assurance that the Times was given on Saturday that J. Walter Gage would be out as a major city candidate was strengthened by a telegram to the Times late Saturday night from Mr. Gage, who is at present in Montreal, follows:

"Arranging matters here will give you my vote for mayor early this week."

It is taken from this that Mr. Gage is serious in his intention to run for the Board of Control, although he has been urged not to do so by some of those associated with him in business.

W. M. Findlay, who decided today to come out for the Board of Control, was a prominent figure in civic affairs here some time ago, and was an exceptionally good alderman. In making his announcement he said to the Times:

"I have decided to enter the contest only after long deliberation and strenuous urging on the part of my friends. I believe that my knowledge of municipal affairs will stand me in good stead, and that I can do more for the city than I have been able to do in the past. I cannot imagine how Hamilton can ever be a great city until its roads and sidewalks are above criticism."

TREES VS. SHEEP

Forests More Beneficial Than Sheep-Farms.

A very interesting question in regard to the relative value of forests and sheep grazing was raised in the evidence taken a few years ago by a committee of the British Board of Agriculture to inquire into British forestry. The increase in population makes the question of its future support one of vital importance, and the relative value of the different uses of land in its ability to support population is a valuable one.

From the evidence of several witnesses, it was determined that it took from one to six acres of the land usually employed for sheep grazing in Scotland to support the same number of people as the same number of acres of land usually employed for forestry.

On the other hand, the evidence brought out in regard to the number of people supported by a forest, it took lands showed that 100 acres of forest would be the average per man employed, and that 2,500 acres would support one shepherd and his family and export 25 woodmen and their families.

This is a comparison of the two uses of land in a country where such is most highly developed, and shows their final relative possibilities as supports of population. The forest is the more beneficial, and the sheep farm is the less beneficial.

GREECE WILL KEEP PART

To Make Her Own Terms With Turkey.

NEW PROPOSALS

And Counter Proposals to End the War.

London, Dec. 8.—It now appears that Greece intends to make her own terms with Turkey apart from Bulgaria, Serbia, and Montenegro, though she will participate in the peace negotiations to be held here next Saturday.

According to the New Free Press, of Vienna, Greece has made five proposals to the Ottoman, which have been conveyed to the Turkish Minister at Vienna, Hilmi Pasha, by M. Strati, the Greek Minister there.

Turkey refuses to grant autonomy to Macedonia, "because it would be conducive to Slavonic interests only," Turkey refuses to Greece all proposals to occupy Bulgaria from Kavala to Monastir.

Greece obtains Greece without paying any indemnity.

Greece obtains Greece, with a frontier from Avlona to Viotia.

The Aegean Islands receive autonomy, with the seat of authority on the island of Samos.

In return for the above Greece offers the redemption of all property belonging to the Turkish Crown, the State or religious bodies in the ceded provinces.

Freedom from military service for Macedonia, with the payment of a defense tax of ten to twenty francs.

Turkish land owners not to be liable to expropriation, but to retain the right of disposing of their property.

The rights of Turkish and foreign business in Macedonia to be maintained.

Turkish banks to be permitted to establish branches in the new provinces.

Turkey to be granted the most favorable action treatment in commercial matters.

Green banks to undertake a Turkish loan in connection with the war expenses.

Greece to supply Turkey with the requisite number of steamer to transport troops, in return for which Turkey will permit a friendly visit of three, four to Constantinople, after peace has been signed.

The privileges of Ottoman Orders to be preserved, and freedom of worship to be officially assured to Muslimin in Anatolia and also to Christians.

The British Government has placed the Historic St. James' Palace at the disposal of the representatives of the allies and the Turks who will gather there next Saturday.

At the same time that the representatives are conferring there will be a conference of the Ambassadors of the powers, which is expected, will clear the air of the rumors of war.

MR. ROWELL'S OFFER.

Spending at Woodstock on Saturday afternoon on local option, Mr. R. N. Rowell, leader of the Ontario opposition, declared that the three-thirty-five clause was the invention of Sir James Whitney, yet Sir James had the effect of retaining four hundred and four license which would otherwise have been wiped out. The three-thirty-five clause was the invention of Sir James Whitney, yet Sir James had the effect of retaining four hundred and four license which would otherwise have been wiped out. The three-thirty-five clause was the invention of Sir James Whitney, yet Sir James had the effect of retaining four hundred and four license which would otherwise have been wiped out.

provision. His proposition is that the three-thirty-five clause be retained, but the passage of a measure to provide for compensation to workers injured in our industries, and to their dependents where such injury results in death, modified after thorough legislation in Great Britain, and to ensure in all cases the payment of such compensation.

A CANAL QUIBBLE.

Whether done the exemption of American countries shipping from the tolls to be charged discriminate in any way against Canadian vessels? They are employed in that trade is to stand on equal basis with the foreign. Every ship that is employed in that trade is to stand on equal basis with the foreign. Every ship that is employed in that trade is to stand on equal basis with the foreign.
